

EXAMINER'S COMMENT/REASONS FOR ALLOWANCE

1. Claims 1 through 4, 6, 7, 19, and 23 through 25 are allowable. The restriction requirement between the various inventive species, as set forth in the Office action mailed on September 3, 2009, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** However, claims 8 through 18 and 20, directed to non-elected inventive species remain withdrawn from consideration because these do not require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Akihiro Yamazaki, Registration No. 46,155, on October 1, 2010.

3. The application has been amended as follows:

In the claims:

Cancel claims 8 through 18 and 20.

4. Upon reconsideration in view of applicant's amendment to the claims as filed on August 12, 2010, the examiner hereby withdraws the objection to the drawings as cited in the previous Office action.
5. The drawings filed on May 15, 2006 are hereby approved.
